

SAMUEL'S GORGE
MCLAREN VALE AUSTRALIA

2021 GRACIANO

This grape is one that really excites us. Native to Spain but thriving in our Mediterranean climate, Graciano is a dynamic, aromatic varietal that works wonderfully in blends and is a standout on its own.

The 2021 Graciano is incredibly perfumed. Just like wandering through a wild garden in bloom, a vast array of floral aromas spring forth from this wine.

Layers of spice, crisp red apple, quince and white pepper are also evident.

This Graciano is fresh and bright with vibrant acidity. Medium bodied, with silky tannins, it dances across the palate and leaves a complex lingering finish.

It drinks beautifully in its youth, yet will age stunningly, if you let it.

Pair this with a large serving of cacio e pepe pasta.

Time in tomb: 10+
